## PROFESSIONAL EXPERIENCE

**E Fund Management** - *Finance Transformation Analyst;* Guangzhou, China Dec 2025 - Jan 2026
- Built an automated workflow to collect and process 70,000 quarterly, semiannual, and annual reports from 10 leading Chinese mutual fund managers, cutting processing time from 20 days to 2 days.
- Standardized 2021–2025 disclosures on fund managers' proprietary capital into a unified dataset, mapping inconsistent reporting categories to improve cross-firm comparability.
- Analyzed changes in how fund managers deployed proprietary capital and presented findings on liquidity, asset allocation, and risk appetite to senior leadership.

**Pronghorn** - *Finance Intern;* New York, NY Jun 2025 - Aug 2025
- Analyzed $300,000–$400,000 in monthly travel and expense spending with Excel PivotTables and built Datarails dashboards for department-level monitoring.
- Reconciled monthly general ledger accounts with Uber for Business receipts and Rippling records, investigated discrepancies, and prepared exception reports for management review.
- Built a centralized SOP hub in Google Sites covering Navan, Uber for Business, and corporate travel and expense policies, giving employees a consistent reference for expense workflows.

**Bolaa Network** - *Business Analyst;* Chongqing, China Jun 2023 - Aug 2023
- Organized requirements for an electric-vehicle marketing campaign in a 12-tab Excel tracker covering 110 planned assets, including timelines, channel specifications, review criteria, and production status.
- Maintained a comparison matrix for 63 content creators and a 22-creator shortlist, comparing audience, geography, platform fit, proposed content, and quoted cost for stakeholder review.
- Consolidated pricing, features, and safety specifications for 6 vehicle configurations across 20+ categories into a central reference guide; reviewed 3 storyboards and documented 5 specification and terminology issues before production.

**Alibaba Group** - *Business Analyst;* Hangzhou, China Jun 2022 - Aug 2022
- Queried and analyzed 50,000 transaction and user-interaction records with SQL and Python, identifying revenue drivers and conversion bottlenecks across livestreaming channels.
- Analyzed cohort retention and customer lifetime value to assess promotional spending efficiency and inform marketing budget decisions.
- Benchmarked Taocaicai, Alibaba's community grocery platform, against competitors on unit economics, supply-chain costs, and resource allocation, identifying sources of margin pressure.

## ACADEMIC PROJECTS

**Mycelium Initiative Systems Implementation**- *Business Analyst, Client Project* Fall 2022
- Translated a nonprofit client's needs and feedback into functional requirements and user stories for a web platform integrating WordPress, Eventbrite, Google Calendar, and PayPal.
- Developed 29 functional test cases with 212 test steps and supported quality assurance and user acceptance testing, validating all 9 final user stories before client sign-off.
- Incorporated stakeholder feedback during iterative reviews and retested 4 core workflows: event registration, donations, calendar integration, and site administration.
